Financial report:

Library News:

The meeting was held to discuss donating money to buy children's furniture for the library refurbishment.

P.F. was invited to a meeting at Penketh Library with Matt Parker On 24th of May 2022, 1 p.m., at which the plans for the library refurbishment were discussed. It was made known that there was no budget available for furniture in the children's area. An original estimate for the cost was £5,000 for this furniture, but Matt Parker said in reality, approximately half of that would be sufficient.

This information was relayed to the committee meeting and it was decided that we would offer £2,000 for purchasing furniture for the children's area.

This was agreed unanimously by all present at the committee meeting.

The action on P.F. was to go back to Matt Parker and make the offer.

The meeting was then concluded.
